The Villa

Experience paradise and total relaxation at Villa Lumina, nestled in the exotic beauty of Costa Cumaná, an ecological beach resort on the outskirts located just 10 minutes south of Puerto Escondido. Enjoy the calm of living in a villa that is right on a secluded beach.

Villa Lumina is simply and elegantly designed in an unmistakably tropical Mexican beachside setting. Where else can you watch pelicans fly by or view dolphins and manta rays swimming outside your front door while relaxing in a villa framed by palm trees and local cacti?

Escape from the noise and hustle of life and enjoy amazing sunrises & sunsets while walking on the beach, enjoying the ocean vista while soaking in the jacuzzi or simply relaxing in a hammock under the palm roof and listen to the surf!

No noise but the sea, just the occasional fisherman walking by.

Villa Lumina is an unbeatable tropical getaway.

Our beautifully designed beachfront villa has five lovely bedrooms with en suite bathrooms. Our spacious kitchen allows large parties to cook together or just hang out at the bar while enjoying a glass of wine or an evening cocktail!
